**Susan Ploughe Getting Started in Gouache**  
**Friday, February 28, 2025**  
**9:00am-4:00pm**

*The Studio will be open at 8:30am. We start promptly at 9am, so get there early enough to set-up.*

**SUPPLY LIST**

● **Paints**

- **Winsor & Newton Gouache Set of 10 (assorted colors, 12ml tubes)** - *if you already own tubes of gouache, make sure it is traditional gouache, not acrylic gouache. Have at least a yellow, a red, and a blue so you can mix every hue. You will need a larger tube of white (see next item).*

- **Winsor & Newton Designer Gouache Permanent White, 37 ml tube** - *even though there is a tube of white in the set, you will need this.*

● **Brushes**

- **Flats sizes 2, 4, 8 and a smallish pointy round** - *NOT watercolor brushes; they are too soft. Choose **synthetic brushes that have some springiness to them**. Mainstreet carries ProWhite, Silverbrush, or Grey Matters brushes. You don't need those exact brushes; check what you already own to see if you have something similar. We are working pretty small, so your biggest brush doesn't need to be any wider than  $\frac{3}{4}$ "*

● **Surfaces**

- **Susan will bring surfaces.** *There will be a small fee, around \$10, payable in cash to Susan at the workshop. We will let you know the exact amount soon.*

- Other Supplies

- **Masterson Sta-Wet Handy Palette - 8.5"x7"** - *this palette comes with a sponge and special paper palette. It is designed to stay moist and be (relatively) airtight so paints don't dry out, a concern with gouache. **Please soak the sponge and one sheet of paper before you come to the workshop**, following the detailed instructions that come with the palette. Don't squeeze any paint out ahead of time, though.*
- **Small Spray Bottle** for water. *Travel size: should fit in the palm of your hand. Available at many stores.*
- **Respositionable masking tape** - *No blue painter's tape, and less than 3/4" wide (I use White Artist Tape).*
- **2 containers for water.** *Small things like cream cheese containers or butter tubs are great*
- **Paper Towels** - *nice absorbent ones*
- **Pencil and Eraser**
