**Susan Ploughe Art and your iPad Workshop**  
**Thursday and Friday, October 16 & 17, 2025**  
**9:00am-12:00pm**

Class begins promptly at 9:00am. Please arrive no later than 8:45am so we can iron out any technical issues. Make sure you know your Apple ID and the password you use for the App Store in case we need to access something.

**READ and TAKE ACTION on these instructions NOW! Do not wait until the week of the workshop.**

- **iPad** - *Procreate app will not work on some older models. To see which model you have, go to **Settings/General/About/Model Name**. You must have one of the following:*
  - iPad Pro (M4)
  - iPad Pro 12.9-inch (generations 1 - 6)
  - iPad Pro 11-inch (generations 1- 4)
  - iPad Pro 10.5-inch
  - iPad Pro 9.7-inch
  - iPad (generations 5 -11)
  - iPad Mini (generations 5-7)
  - iPad Air (M2, M3)
  - iPad Air (generations 3 - 7)

*Procreate also only works on iPads that are on version iPad OS16.3 or higher. To see which iPadOS version you have, go to Settings/General/About/iPadOSVersion. The number there must be a 16.3 or higher. If you need to update your iPad see below. If this techno-babble is making your brain hurt, please call me - I can help! 224-456-3925*

- **Stylus** - *The Apple pencil is not required, but it will **greatly** enhance your use of this app. If you don't have one, you may use any stylus; no need to buy anything expensive.*

*Continued on next page*

- **Charger** - *Bring it just in case; you don't want to run out of battery life in the middle of class*

**Download the Procreate app immediately** (do not wait until the day of the workshop). **There is a one-time charge of \$12.99**

**Procreate**  
Sketch. Paint. Create.

**After downloading the app, open it right away to make sure it is working!**

**If you already have the app, make sure you have the latest versions.** If you need to update them (or aren't sure), go to the App Store. Click on your profile icon at upper right of screen. Select Apps. Find the Procreate App, and if it says UPDATE to the right of the app, select that (*don't wait until the day of the workshop to do this. It can take awhile for the app to update*).

**How to Update iPad** (if necessary): Go to Settings/General/Software Update/Update Now (Again, do this before the day of the workshop; if you are unable to update to version 16.3 or above, you will not be able to download Procreate).

**You will need to have some photos available on your iPad.** Look for a couple of landscapes, a few people/animals/other items to place in the landscapes and one or two photos of your artwork. Put them in an album for easy access during the workshop.

**Make sure your iPad is fully charged when you come to class.** If you are using an Apple pencil, charge it as well. (And make sure YOU are fully charged when you come to class - get a good night's sleep 😊)

**If you need any help with any of this before the workshop, please call Susan at 224-456-3925**
