

Water Works

Mainstreet Gallery is pleased to announce "Water Works."

We are bringing back our most popular exhibit from the past. Have you ever painted rapids, fishermen, or children enjoying a day at the beach? Water Works will feature diverse paintings that explore water in its various states and settings: such as serene ponds, cascading waterfalls, bird baths, frozen lakes, and rainy days. The possibilities are endless. We are encouraging artists to capture the movement, reflection, and essence of water to create an immersive experience for visitors.

All entries must be original. All 2D artwork is welcome, except photography. This is a juried show. Entries must be submitted digitally.

Awards for 1st, 2nd, 3rd place and two honorable mentions. All works must be for sale, wired, and framed.
